

A New Millennium of Service

Foreword: The purpose of this document is to tell the story of the History of the Lions Clubs in the state of Georgia during the first decade of the new millennium that is 2001 to 2010 with emphasis on the Lions who gave of their time, talents and treasures to build this organization of service. While I am not the State Historian, I have been involved with the publication of many History documents at the Lions of Georgia Web site. This document is intended to showcase the work and achievements of the many Lions Clubs members in the state of Georgia before they are totally forgotten from the face of history.

The tradition of keeping the history of Lions in Georgia was begun in 1964 with Eugene Sanders as the first State Historian. Percy Plant later served as State Historian followed by Olin Newby, Joyce Culberson, Scott Warren, Chip Nedza and currently Kathy Carlson. The format of this document is to recognize the Lions who served as International President and International Directors representing the state, followed by the Council of Governors, recipients of Ervin-Crumbley award, recipients of International recognitions and those who have been presented a Melvin Jones Fellowship. Overall this page of Georgia Lions history honors over one Thousand Lions. These stories of the hard work and dedication is a story that should be told. -Rick Mizell PDG

In the year 2000, the last year of the second millennium as expressed in the Christian calendar. The Lions of Georgia celebrated its first Georgia Lion to serve in the capacity as International President of the International Association of Lions Clubs. One of Lion Jim Ervin's themes was "A New Millennium of Service." The message was an invitation for Lions of the world to join together and re-dedicate themselves to the higher ideals of community service.

In the year 2000, Georgia Lionism reached 80 years of service. The structure of the State was divided into 6 sub districts labeled; 18-A North West Georgia, 18-B South East Georgia, 18-C South West Georgia, 18-D North East Georgia, 18-E West Central Georgia and 18-F East Central Georgia. It had been 44 years since the last major reorganization of the Multiple District. The first decade of the New Millennium was filled with change in the way Community Service was performed. The trend of the general population continued to move away from direct community involvement or support. The general membership of the Lions was aging and becoming less active. Many clubs adopted bold plans to reach out to the younger populations with the expansion of the Leo Program and development of other membership building programs. The Lions did more with less members and reached out to more needy people through the services of the two state supported programs, Georgia Lions Lighthouse Foundation and the Georgia Lions Camp for the Blind, in addition to the direct services provided by the clubs. These include providing eye exams and eyeglasses along with various other services.

Other supported services includes, Recording for the Blind and Dyslexic located in Athens, Georgia. Later renamed Learning Ally. This charity provides recorded materials for visually impaired individuals or people who have difficulty reading the printed word. During this decade the charity developed new technologies that allowed the recording of the material to move from recorded tapes to CD and the means of recording move from the recording studio to using personal computers at the recorders convenience. Leader Dogs for the Blind, Rochester, Michigan continued to be supported by the Lions of Georgia. LCIF or otherwise known as Lions Clubs International Foundation continued to be supported by the Lions of Georgia. Later in this article, a list of all Melvin Jones Fellows who were named along with progressive Melvin Jones Fellows in this decade. LCIF is the source of assistance throughout the world when catastrophes strike.

In this decade, the Lions of Georgia adopted the following; support of Southeast Guide Dogs located in Palmetto Florida, adoption of Diabetes Awareness as a community support program, form the Multiple District Leo organization and the Blind Lions of Georgia.

In early 2001, a small group of Colorado Lions visited a club in the Savannah area (Port City). During a discussion of services, the Colorado Lions mentioned a project called "Liberty Day." It is a project where the Lions would present pocket sized copies of the US Constitution to Middle School Students on Constitution Day. A local Community leader would present a talk on the importance of knowing what the Constitution was and how it affects our lives. The club then contacted 18-B District Governor Chuck Shurtleff who then passed the information to the Council of Governors where it was adopted as a State Project.

During the campaign to Elect Jim Ervin President of Lions International, a All State Band was assembled, in this decade the band was expanded as a state project and extended to all Georgia Public Schools to allow aspiring musicians the opportunity to perform before the Lions of Georgia and the Lions of the world. Chairperson of this committee was Lion Lynn Infanger.

Serving the Lions of Georgia on the International Board were:

In 2006 the Council of Governors voted to start a new Lifetime Achievement award in honor of PIP Jim Ervin and PID George Crumbley Jr. Each year each district will nominate to the council, a Lion who has made a significant contribution and leadership in developing Lionism on the District or Multiple District Level. This should be given to a Lion who has given long and untiring service over many years. This is the highest award a Lion in Multiple District 18 may receive and is presented once.

The Starfish

There was a young man walking down a deserted beach just before dawn. In the distance he saw a frail old man.

As he approached the old man, he saw him picking up stranded starfish and throwing them back into the sea.

The young man gazed in wonder as the old man again and again threw the small starfish from the sand to the water.

He asked, "Old man, why do you spend so much energy doing what seems to be a waste of time."

The old man explained that the stranded starfish would die if left in the morning sun.

"But there must be thousands of beaches and millions of starfish!" exclaimed the young man. "How can you make any difference?"

The old man looked at the small starfish in his hand and as he threw it to the safety of the sea, he said, "It makes a difference to this one!"
